Dear Reader,

I am canadian, i know i do not have your constitutional rights but i feel responsible in a way to voice my opinion.

As you must know Canada and U.S are neighbors. You must also know that the decision you will make will not only make a difference in the United states but also all around the world. I would like alot if you would all take this fact into account when you propose a solution. It is true that Microsoft has a monopoly. And it is also a fact that justice isnt fast enough to react to it appropriately.

Thank you
